1 Product Description

The TA106-10 is used as a one to one connection. At both sides of the 50 pin ribbon cable a 50 pin ribbon cable connector is mounted which provide a direct connection to a lot of TEWS products. The TA106-10 is a simple possibility to connect the 50 pin IP interface to external applications. This cable provides a direct connection to TEWS IP Carrier, for VME, PCI and CompactPCI systems (for example TVME200, TPCI200 and TCP211).

The TA106-10 Ribbon Cable in conjunction with a 50pin ribbon cable terminal block, an IndustryPack® carrier module could be used for prototyping and also for series.

Length of the TA106-10 Ribbon Cable is at least 0.8 m.
